Carnegie Learning Home Support

Resource Center (TEXTBOOK)

The Carnegie Learning Resource Center provides digital editions of all student materials for viewing and printing. You can print the textbook, assignments, skills practice, and more.

The Resource Center is accessible to parents, students, and teachers.

Login Resource Center Website:

http://resources.carnegielearning.com

Student Access Code: 26716-4619

Password: They created their own password. If they forget it, they need to click "forgot?" link & they will email it to you.

See reverse side for login instructions.

Cognitive Tutor Software

Carnegie Learning offers personalized mathematics instruction with our Cognitive Tutor Software. The adaptive software individualizes instruction based on how students learn. Cognitive Tutor was developed around an artificial intelligence model that identifies and targets weaknesses in each individual student's mastery of mathematical concepts. Engagement features such as interest areas, characters, and personalization options help hold students' interest while they are learning.

See reverse side for login instructions.

Resource Center Registration Instructions

Registering for Your Carnegie Learning Student Account Registration is simple and takes only few minutes, but you will need a valid email address and a Student Access Code (listed below).

1. Visit: **http://resources.carnegielearning.com/account/register/student/26716-4619**
2. Note: Your student access code is 26716-4619. It's specific to your school, and will automatically be entered when you use the link above.
3. Enter your contact information and set a password.
4. Click the Register button.
5. You will be sent an activation email. Open this email and click the activation link. Note: If you do not receive the activation email, check your spam or junk folder.
6. You're now registered for the Resource Center! Sign in with your username (or email address) and password.

Need help? Contact Customer Support by email at help@carnegielearning.com or call us at (877) 401-252

Using the Resource Center

• To access Textbook files, click on the **'Textbooks'** button.

• To launch the Cognitive Tutor software, click on the **'Software'** button. Ask your teacher for your Cognitive Tutor username.

• For help with your Resource Center account or with the software or textbooks, click on the **'Support'** button.

• If you are using the Cognitive Tutor software for the first time, there is a helpful interactive tutorial on the 'Training' page. Other helpful documents are on the **'Support'** page.

• Use the 'Your Account' page to change your account preferences.
